PROFESSIONAL EXPERIENCE

Freelance Web Developer

SELF

Aug 2019-Present

Making static websites for clients. Contributing to open source projects on Github. Helping other web development students online with debugging their applications. Continuously expanding my web development knowledge by building side projects and taking courses through Udemy, W3schools, codecademy, and freecodecamp.

GM/Assistant Manager

HABITAT FOR HUMANITY

Apr 2011 - Present

Keeping a team of 10 employees on task in a retail environment by picking up, cleaning, warehousing, and selling donations to raise money for Habitat for Humanity of Greater Indianapolis to build homes for needy families.
